We are Summa
We are fortunate to work for Summa Health, an organization that not only improves the health and wellness of our community, but serves as an economic engine that fuels the city for growth. As employees of Summa Health, we all have a passion for serving our patients and this community. We’re dedicated to providing the high-quality, compassionate care that Summa has built its reputation on for 125 years.

Our Corporate Commitments define the essence of who we are—one unified Summa Health. They represent what we stand for, and what makes Summa Health the best place to work—and receive care—in our region.

As we balance providing high-quality care for our patients, teaching the next generation of clinicians, developing new models of care and remaining financially strong through it all, we remain aware of the great responsibility we have to our patients. It’s a responsibility we embrace and take very seriously.

In the midst of this changing healthcare industry, we remain focused on what’s important: providing quality care for our patients.

Healthcare systems nationwide are working tirelessly to evolve their organizations. I am confident that our extraordinary team is more than up to the challenge of staying at the forefront of our industry and continuing to improve the care we provide to this community. My job is to create a culture of engagement and feedback at Summa Health that will help guide those decisions and ensure that we are always focused on serving our community and one another.

We also remain dedicated to our mission of population health by helping our patients own their healthcare decisions and make real lifestyle changes. We will improve the patient experience by providing access to care at the right place at the right time, and coordinating the care between every patient’s team of caregivers. This allows us to provide higher quality care at lower costs.

Summa Health is also moving forward on its planned investment of up to $350 million to improve our facilities, which includes the new tower on the Summa Health System – Akron Campus. This major improvement will help better align us with our vision for population health.

Thank you for joining me on this important and exciting journey. Together, we will continue to build a bright future for Summa Health and a brighter future for our region.

Cliff Deveny, M.D.
President and CEO
Summa Health at a Glance

Our Belief:
Healthy individuals lead to a healthier community. Something we’re all part of. It’s our job to help people get healthy, stay healthy and improve the well-being of those around them. That’s why, together, we’re focused on solving problems, removing obstacles, eliminating frustrations and taking the pain away to create a healthier tomorrow.

Our Insight:
Healthcare isn’t just about fixing what’s wrong. It’s also about preventing the need for fixing! If a patient comes to us to get better, we’ll provide both the treatment and attention needed to get them back on their feet, but we’re also staying a step ahead to keep each patient well. Caring for our patients at the right time means caring for each one all the time.

Our Approach:
We’re passionate about healthcare, and we wouldn’t change that for the world. But we’re also people. Our main focus is connecting with the patient, treating them like family and providing each patient the same care we’d provide our own family member. This helps us get one step closer to a healthier community.

Our Commitments
Our six commitments define the essence of who we are—not as individual employees or clinicians—but as one unified Summa Health. They represent what we stand for, and what makes Summa Health the best place to work—and receive care—in our region.

Serve with passion
- Appreciate the privilege we have every day to serve the people of our community at some of the most vulnerable times in their lives—when they are sick, injured, frightened and in pain. Be the calm in their storm.
- Look for the joy in our work, paying attention to the impact each of us can have on the lives of others.
- Serve with integrity by always following through on commitments, being honest and acting ethically.
- Create a welcoming environment by making eye contact and greeting others we pass in hallways and elevators.
- Recognize and celebrate what is right about Summa Health while always looking for opportunities to make the care we provide even better.
- Go above and beyond.

Take ownership
- Model the actions and qualities that you seek in others.
- Beyond just identifying the problem, be a part of the solution in any situation.
- Even when a solution seems like the right one, continue to evaluate it and make changes to improve the outcome.
- Be aware of your own emotions and the ways they may affect how others react to you.
- To ensure a safe environment for patients and colleagues, always follow “I’m 4 Safety” behaviors.
- Advocate for patients, ensuring they get what they need and have the best possible care experience.

Value every person
- Look for the best in every individual we serve and in those we work with.
- Treat others without bias or judgment; we have not walked in their shoes.
- Respect and celebrate the diversity of the patients we serve and the talented colleagues we work with every day.
- Treat others with courtesy and respect, even when we may disagree with their ideas.
- Recognize the talents of others on our team, expressing thanks for their contributions.
- Offer a friendly ear to colleagues who may be struggling. Be willing to reach out to others when you need help or are having a bad day.

Personalize care
- Empower patients and family members to be involved in decisions related to their care.
- Communicate openly and effectively with patients and their family members, encouraging them to share their thoughts, concerns and questions.
- Make eye contact.
- Encourage patients and family members to share their questions and concerns by asking open-ended questions such as, “How can I help you most right now?”
- Listen actively and ensure understanding by paraphrasing back what the patient has just told you.
- Always knock and ask patients if it is all right to enter their room.
- Call patients by their preferred name each time you enter their room.
- Introduce yourself by name and explain your role on the care team to patients and family members.
- Improve the continuity of care by always helping patients know and understand what comes next during their visit or stay.

Work collaboratively
- Encourage patients, family members and colleagues to speak up when they have a concern by proactively seeking their ideas and asking good questions.
- Seek the input and ideas of colleagues in decisions to find the best solution and to increase the chances for success.
- Be eager to learn, with an openness to new knowledge that will help the team provide consistently better care.
- Recognize the strength of our teaching programs in providing world-class care for patients today and preparing the next generation of tomorrow’s professionals.
- Speak positively about colleagues and other departments, creating a higher degree of confidence and trust among patients and families.

Partner with the community
- Appreciate that as Summit County’s largest employer, Summa Health plays an important role in keeping our community strong, healthy and successful.
- Look for opportunities to give back to our community through volunteerism, which contributes to the health and vitality of the greater Akron region.
- Recognize that we serve diverse communities through our clinics, special programs and partnerships with other community agencies.

For Summa Health to succeed, these commitments need to be more than just words on a page. They need to be the embodiment of who we are. And they need to represent a promise we make to ourselves and this community: That things are different here at Summa Health, and that we’re committed to you.
Vital Statistics

Summa Health System has served millions of patients in comprehensive acute, critical, emergency, outpatient and long-term/home-care settings and represents more than 1,300* licensed inpatient beds in the following clinical settings:

- Summa Health System – Akron Campus
- Summa Health System – Barberton Campus
- Summa Health System – St. Thomas Campus
- Summa Rehab Hospital

Outpatient care is extended throughout Summit, Medina, Portage, Stark and Wayne counties in multiple community health centers. Providing superior, multi-specialty patient care, medical research and continuing medical education, Summa is consistently ranked one of the best healthcare providers in the country.

Various Summa Health System hospitals, service lines, joint ventures and affiliates are recognized by the following organizations:

- American College of Surgeons Commission on Cancer
- American College of Radiology
- American Nurses Credentialing Center
- American Osteopathic Association’s Healthcare
- Centers for Medicare and Medicaid Services
- Commission on Accreditation of Rehabilitation Facilities
- Healthgrades
- National Accreditation Program for Breast Centers
- Premier Healthcare Alliance
- Society of Cardvascular Patient Care
- The American Heart Association
- The Joint Commission
- The Leapfrog Group
- Thomson Healthcare
- U.S. News and World Report

Summa Health System – Akron Campus

Akron City Hospital was founded in 1892 to provide a place where patients could be treated with compassion, coupled with the best principals of medical practice.

From the first accredited radiology department in the country to the first open heart surgery in Akron (and one of the first in the country), Summa Health System – Akron Campus has achieved national recognition as a provider of quality, compassionate healthcare.

Recently, Summa Health announced plans to invest up to $350 million in its facilities to help establish Summa as the leading healthcare provider in the region. This investment includes extensive renovations at Akron Campus including: construction of a new 300,000 square foot tower, which will include new facilities for Summa’s Women’s Health program; modern inpatient rooms and nursing units; and expanded surgical capacity; construction of a new 50,000 square foot medical office building; and increasing the number of private rooms to approximately 80 percent.

Summa Health System – Akron Campus is designated as an accredited Chest Pain Center by the Society of Cardiovascular Patient Care (SCPC) and is a Certified Primary Stroke Center. In addition, the hospital is the first in the Akron-Canton area, and one of just nine throughout Ohio to hold Baby-Friendly® status. The designation recognizes Maternity Services’ pledge to provide the best possible breastfeeding support for new moms and their infants.

The hospital is also an academic medical center with 15 multispecialty residency programs and six fellowship programs to train northeast Ohio’s next generation of healthcare providers. Approximately 80 residents and fellows graduate from Akron Campus’s medical education programs each year.

In October 2017, Dr. Gary Williams and his wife, Pamela, committed $5 million to the health system. In recognition of what is the second largest gift in its history, Summa Health established the Dr. Gary B. and Pamela S. Williams Center for Breast Health. The $5 million gift is the largest physician-donated gift ever to Summa and is believed to be the largest physician gift ever in Summit County.

Longtime Summa Health supporters Ann and David Brennan continued their generous support in 2015 with a gift of $6 million, the largest in Summa’s history. The donation will be used to further Summa’s strategy of becoming the region’s leader in population health. By transitioning to a population health management organization, Summa will be better positioned to provide integrated and coordinated care and a superior experience for the people of northeast Ohio.

Summa Health System – Barberton Campus

155 Fifth St NE
Barberton, OH 44203
330.615.3000
summahealth.org/barberton

Summa Health System – Barberton Campus has served residents of Barberton and the surrounding communities since its founding in 1915. In December 2007, Barberton Campus became a full member of Summa Health. The hospital is located approximately 10 miles southwest of Akron.

Barberton Campus combines the comfort of an accessible community hospital with the latest advancements in medical care. The hospital provides the community with easy access to comprehensive, high-quality cancer services at the Commission on Cancer accredited Summa Health Parkview Pavilion, as well as the full spectrum of cardiovascular disease care including diagnostic, interventional and surgical services.

Year founded: 1915
Total employees: 5,500+*
Total licensed beds: 251

In 2015, Summa Health announced plans to make a significant multi-million dollar investment to expand and enhance services at the Barberton Campus. The investment, part of Summa’s vision for population health management, will impact both inpatient and outpatient services. Phase I of the plan will include $22 million in improvements addressing the greatest needs of the Barberton community—improved access and modernized facilities. Access to outpatient services will improve with a new imaging and diagnostic center in the former emergency department. Operating and endoscopy rooms will also be modernized with state-of-the-art equipment.

Summa also continues to invest more than $10 million in the facility for other projects, such as the electronic medical record implementation and the purchase of new IV pumps.

Summa Health System – St. Thomas Campus

444 N Main St
Akron, OH 44310
330.375.3000
summahealth.org

Originally operated by the Sisters of Charity of Saint Augustine as a non-denominational, non-profit general hospital with 164 beds, Summa Health System - St. Thomas Campus opened its doors to the Akron community in 1922. St. Thomas merged with Akron City Hospital to become Summa Health System in 1989.

St. Thomas Campus was the first in the country to recognize the medical aspects of alcoholism as a disease and is the founding location of Alcoholics Anonymous. The hospital opened the nation’s first alcoholism treatment ward and continues this longstanding dedication today.

Continuing the tradition of innovative behavioral health services, St. Thomas Campus is the headquarters of the Summa Health Behavioral Health Institute. The center serves residents of Summit, Portage, Medina and Stark counties and operates specialized programming to treat specific behavioral health concerns including the Summa Health Traumatic Stress Center and Summa Health Ignatia Hall Addiction Medicine Intensive Outpatient Program.

Summa Rehab Hospital

29 N Adams St
Akron, OH 44304
330.572.7300
summarehabhospital.com

Summa Rehab Hospital, a joint venture between Summa Health System and Vibra Healthcare, is a 60-bed acute medical facility providing a rehabilitation regimen based on the specific needs of each patient. The freestanding facility is dedicated to inpatient rehabilitation by a multidisciplinary team comprised of physicians, nurses, physical, occupational, speech and recreational therapists and case management workers. The hospital is accredited by the Joint Commission and The Commission on Accreditation of Rehabilitation Facilities (CARF).

Summa has installed and implemented the most current technologies available in the rehabilitation field, including:

- Body weight supported treadmill training and therapy for locomotor recovery
- Active assisted motion technology for upper and lower limb recovery
- Vital stimulation for swallowing
- Car transfer simulated system

Highlights of the freestanding, fully-dedicated rehabilitation hospital:

- All private rooms with private baths on two levels
- Rehab gym totaling more than 5,000 square feet with two-story elevation; natural light for improved healing and quality of life
- Private treatment space on two levels
- Outdoor therapeutic ambulatory patio with various ambulatory surfaces
- Bariatric rooms with overhead lift device to support 1,000 pounds
- Bedside dialysis capability in all rooms
- ADL suite - bath, bedroom, kitchen and living space
- Day rooms located on two levels dedicated for patients, families and visitors
- In-house radiology suite and pharmacy
- Patient-specific eRehab outcomes data
- Electronic medical records (EMR)
- Classroom for community programming
- On-site durable medical equipment and prosthetic services

Summa Health
1077 Gorge Blvd
Akron, OH 44310
330.375.3864
summahealth.org/shmg

Summa Health is a multispecialty group of more than 300 integrated, coordinated physicians aligned with Summa Health and its entities through the active engagement of its physicians. As the employed physicians of Summa Health, SHMG physicians are driven by Summa’s mission to deliver the highest quality, compassionate care to patients and members and to contribute to a healthier community.

A key component of Summa’s Integrated Healthcare Delivery System, Summa Health Medical Group physicians provide patient-centered care while enjoying the benefits of partnership with an inclusive physician organization that shares their passion for, and commitment to, clinical excellence. As members of NewHealth Collaborative, a clinician-led accountable care organization, Summa Health Medical Group physicians are leading the way toward value-based healthcare with initiatives such as the patient-centered medical home (PCMH) and meaningful use of health information technology.
Generous contributions provide nearly $10 million annually to Summa Health. Gifts made to Summa through Summa Foundation help us fulfill our mission to provide the highest quality, compassionate care to our patients and members and to contribute to a healthier community. The role of Summa Foundation is to facilitate the path from donor to impact by linking community supporters with philanthropic priorities that many times transform the ways in which we care for our community.

Annually, Summa receives nearly 6,000 separate gifts from nearly 2,400 different sources including grateful patients and families, corporations, foundations and other supporters. These gifts are directed to more than 110 different areas across the System and help make it possible for Summa to expand and enhance facilities and programs, recruit and retain the region’s best physicians, invest in innovative technologies and conduct leading-edge clinical research to benefit the lives of our patients and their families. Summa Foundation also works collaboratively with system and clinical leaders to provide stewardship to our supporters and community of their philanthropic investments in our health system.

From the founding of our first hospital, Summa Health System - Akron Campus, made possible by a $10,000 bequest in 1883, to the growth of our comprehensive health system today, the generosity of our faithful friends and benefactors continues to advance Summa and enables us to keep our promise to put the health of our community first.

SummaCare
1200 E Market St, Suite 400
Akron, OH 44305
800.996.8411
summacare.com

SummaCare is Summa Health’s provider-owned insurance company. Headquartered in downtown Akron, Ohio, SummaCare offers:

**Employer Group Options**
- Fully-insured PPO and consumer-directed plans
- Self-funded benefit administration
- Retiree group coverage
- Ancillary products such as life, dental and vision

**Individual Options**
- Medicare Advantage plans for individuals age 65 and older
- Fully-insured PPO and plans for individuals under age 65

SummaCare’s health management services provide utilization management, case management, care coordination, disease/condition management, health and wellness services and health coaching. These services are provided with the goal of improving the health of the community while controlling healthcare costs.

SummaCare places a high value on building strong relationships with key partners including members, physicians, institutional and ancillary providers and community-based agencies throughout our northern Ohio service area.

SummaCare is a vital part of Summa Health. The inclusion of a health plan is a market advantage for Summa and essential to its long-term success as an Integrated Healthcare Delivery System.

We are Summa
Government Relations and Health Policy
Summa’s Government Relations and Health Policy department is dedicated to elevating Summa Health as a leader in the public sector among those responsible for determining the future of healthcare in Ohio and throughout the nation.

By actively building and enhancing public sector relationships at the local, regional, state and federal government levels, the department works to advance Summa’s leadership in health policy advocacy including, but not limited to, issues such as Medicare, Medicaid, insurance reform and medical education and research.

Community Benefit & Diversity
The Community Benefit and Diversity department leads efforts to address health disparities and other important community needs, and to raise awareness of health and healthcare issues affecting the communities served by Summa Health.

2017 Community Benefit Investment

Programs at the center have included free diabetes support groups with educational presentations; Q&A sessions by a wide array of health professionals; Medicaid enrollment opportunities; CPR demonstrations; nutrition/cooking classes; line dancing classes; a fatherhood walk and policy/advocacy meetings.

Impact on Region
Summa contributes $2.73 billion in business volume impact to the Ohio economy and an additional $83.1 million in state government revenue impact. Summa Health helps employ more than 24,840 individuals on a direct and indirect basis, proving to be a vital member of the regional economy.

Summa Health Network
Summa Health Network represents nearly 1,700 providers throughout Summa Health’s member hospitals. Summa Health Network contracts with national and regional payers on behalf of its provider and hospital members. With membership opportunities for physicians, advance practice nurses, optometrists, chiropractors, podiatrists, and physician assistants, Summa Health Network serves as a mechanism to effectively align and engage community providers with Summa Health while preparing and advancing providers into value-based agreements with Summa Health’s accountable care organization, NewHealth Collaborative.

In support of the transition to value-based agreements, Summa Health Network also offers its provider members financial assistance with NCOA Patient-Centered Medical Home recognition.
Summa continually seeks new technology and treatment options for some of today’s most serious medical conditions—work that will ultimately improve and transform the way patients throughout the community, region, nation and world receive care.

Summa manages $6.5 million annually in support of clinical research programs across various disciplines. Many research programs are supported by grants or contracts from federal and state funding agencies. Collaborative research programs exist between Summa and its academic partners including Northeast Ohio Medical University (NEOMED), The University of Akron, Kent State University and the Austen BioInnovation Institute in Akron.

As a leader in medical education, Summa Health System supports the education of its physicians and healthcare professionals. Summa Health System - Akron and St. Thomas Campuses are teaching affiliates of the Northeast Ohio Medical University (NEOMED) and include a staff of physicians and accredited residency and fellowship programs that foster a dynamic medical environment.

Summa Health System offers accredited residency and fellowship programs in:
- Addiction Medicine
- Advanced gastrointestinal minimally invasive surgery/bariatric (non-ACGME)
- Cardiovascular disease
- Cytopathology
- Family medicine (allopathic and osteopathic accredited)
- General practice dentistry
- General surgery
- Geriatric medicine
- Hospice & Palliative
- Internal medicine
- Medical Simulation
- Obstetrics/gynecology
- Ophthalmology
- Orthopaedic surgery
- Pathology
- Pharmacy
- Plastic surgery
- Preliminary medicine
- Psychiatry
- Sports medicine
- Transitional medicine
- Urology

Summa Health System - Barberton Campus has a family practice residency program affiliated with NEOMED.
Summa Health System encompasses a network of community-based health and therapy centers dedicated to providing high-quality healthcare services to preserve and enhance the health and well-being of the citizens of the community.

Summa Throughout the Region
Emergency Department Locations

As a result of Summa Health System’s comprehensive emergency services network, patients receive the right care, at the right time, at the right location, from the right provider – no matter where they access care within Summa Health.

In order to ensure patients across Summa’s five-county service area have easy access to the care they need close to home and/or work, Summa invested $96 million to grow its network of emergency departments.

Summa Health System - Akron Campus Emergency Department
525 E. Market St., Akron, OH 44309

Our Akron Campus Emergency Department is a Level 1 Trauma Center and one of the largest and most advanced Emergency Departments in the region. It is a Certified Chest Pain Center and a Certified Stroke Center and serves as the tertiary transfer center for all Summa facilities and outlying hospitals.

Summa Health System - Barberton Campus Emergency Department
155 Fifth St. NE, Barberton, OH 44203

Summa Health Barberton Emergency Department includes 32 private rooms and an additional 10-bed “fast track” treatment area. Additionally, the emergency department has a large waiting area for families, adequate parking, a dedicated general radiology unit, dedicated triage space, and a separate entrance for EMS squads.

Summa Health Green Emergency Department
1825 Franks Parkway, Uniontown, OH 44685

Summa Health Green Emergency Department provides community access to a wide range of services. Located just off I-77 at the corner of Boettler and Massillon roads, the Summa Health Green Emergency Department serves those who live or work in Green, Uniontown, Hartville, Coventry, Springfield, Portage Lakes, Canal Fulton, Clinton, Jackson and North Canton.

Summa Health Medina Emergency Department
3780 Medina Rd., Medina, OH 44256

The Summa Health Medina Emergency Department features 20,000 square feet and 12 patient areas. The emergency department is conveniently located off Route 18 and is integrated with the health center’s comprehensive, patient-centered services.

Summa Health Wadsworth-Rittman Emergency Department
195 Wadsworth Rd., Wadsworth, OH 44281

The James and Linda Venner Emergency Center was completed in 2011 and features 16,000 square feet and 15 patient beds. It provides full service emergency care to the greater Wadsworth region.
Akron, Ohio

Akron is located approximately 35 miles south of Cleveland. It lies within a 500-mile radius of 42 major U.S. cities, where 57 percent of the country’s population and 60 percent of the country’s buying power are found.

Northeast Ohio is home to 26 Fortune 1,000 company headquarters, including Goodyear, Lubrizol, J.M. Smucker, Progressive Insurance and Sherwin Williams. Also, northeast Ohio is a national leader in polymer and liquid crystal research and development.

The Greater Akron area is a welcoming community rich in heritage and cultural diversity, offering big city amenities with a hometown feel in one of America’s most affordable metropolitan areas. Residents have convenient access to a number of well-known recreational activities.
