Building the Future of Healthcare: Summa Health's Vision

We are fortunate to work for Summa Health, an organization that not only improves the health and wellness of our community but serves as an economic engine that fuels the city for growth. As employees of Summa Health, we all have a passion for serving our patients, members and this community. With a legacy spanning more than 130 years, Summa Health has built a foundation of excellence in the Greater Akron region.

In 2025, Summa Health officially transitioned from a non-profit to a for-profit entity following its acquisition by the Health Assurance Transformation Company (HATCo). HATCo is a specialized platform founded by General Catalyst to redesign the future of healthcare.

Summa Health and HATCo are embarking on a long-term vision to move away from the traditional sick care model toward health assurance—a proactive, accessible and affordable system of community-based, lifelong healthcare.

As part of this first-of-its-kind partnership, Summa Health and HATCo are working to create a next-generation health system that honors our history while aggressively pursuing innovation.

Our goal is to replace fragmented care with a proactive, lifelong healthcare model that empowers patients and improves outcomes. We are investing significant resources to build upon our existing strengths, seeking to demonstrate that a model centered on the patient is also a model for business success.

We're not just preparing for what's next. We are building it. Together, we are creating a next generation health system—one that honors our legacy and embraces our future as a leader driving broader healthcare transformation.

As part of the Summa Health team, you will help us leverage innovative technology and sustainable business practices to eliminate barriers to care, creating a modern blueprint for healthcare delivery that serves as a model for the rest of the nation.

I'm honored to join Summa Health at such an exciting moment in its history, and I am energized by the opportunity to expand access, improve outcomes and advance the future of healthcare together — while staying grounded in what matters most: serving Summa Health's consumers and members, providers and team members, and communities across Northeast Ohio.

Thank you for joining me on this important and exciting journey.

Jennifer Eslinger
President and CEO
Summa Health

Summa Health at a Glance

Our Mission

The mission of Summa Health is to provide the highest quality, compassionate care to our patients and members and to contribute to a healthier community.

Our Vision

Summa Health will lead as an inclusive organization that embraces the uniqueness of individuals and delivers next-generation healthcare. We will utilize our talent, resources and expertise to partner with our community to provide personalized services that remove barriers to care and empower everyone to live their healthiest life.

Summa Expectations

Win as One Summa (Teamwork) | **Deliver the Future** (Innovation) | **Create Clarity and Trust** (Communication) | **Own the Results** (Accountability)

Win as One Summa
(Teamwork)

What This Means at Summa: We succeed as one organization. Every employee is responsible not only for their own work, but also for how the value they deliver affects patients, colleagues, teams, and organizational outcomes. We work across boundaries, strengthen handoffs, and act in the best interest of Summa and those we serve.

Individual Contributors:	Leaders:
• Understand how their work contributes to team and organizational goals. • Partner effectively with colleagues across departments and disciplines. • Follow through on commitments and support reliable handoffs. • Address issues proactively rather than passing problems to others. • Demonstrate accountability, integrity, and respect in every interaction.	• Align teams around delivering shared goals and organizational priorities. • Remove barriers that prevent collaboration and execution. • Create ownership and accountability for both results and teamwork. • Resolve issues that span departments or functions. • Model enterprise thinking and organizational stewardship.

Deliver the Future
(Innovation)

What This Means at Summa: Healthcare is constantly evolving. To meet the needs of our patients, workforce, and communities, we continuously improve how we work, develop ourselves and others, embrace innovation, and build the capabilities Summa needs for the future. We challenge the status quo, learn continuously, and help create a stronger organization for tomorrow.

Individual Contributors:	Leaders:
• Take ownership of personal and professional growth. • Learn new skills and adapt to changing needs. • Identify opportunities to improve processes, quality, service, or efficiency. • Share knowledge, ideas, and best practices with others. • Embrace change and contribute to continuous improvement.	• Anticipate the capabilities needed to achieve future organizational goals. • Create opportunities for growth and advancement aligned with strategic priorities. • Coach, develop, and support team members throughout their employee lifecycle. • Sponsor improvement efforts that strengthen team performance. • Encourage innovation, rapid iteration, problem-solving, and learning.

Create Clarity and Trust
(Communication)

What This Means at Summa: Trust is built through honest communication, transparency, listening, and consistency. We help people understand what matters, what is expected, and how they contribute to Summa's success.

Individual Contributors:	Leaders:
• Communicate openly, respectfully, and professionally. • Listen actively and seek to understand different perspectives. • Share information accurately and in a timely manner. • Seek clarification when expectations are unclear. • Build trust through reliability, honesty, and follow-through.	• Set clear priorities, expectations, and performance targets and standards. • Provide frequent coaching, feedback, and recognition. • Foster open communication and psychological safety. • Address difficult issues directly and constructively. • Build trust through consistency, transparency, and fairness.

Own the Results
(Accountability)

What This Means at Summa: Results matter. We use data, sound judgment, ownership, accountability, and follow-through to achieve meaningful outcomes for patients, team members, and the organization. We focus on improving performance, not simply reporting it.

Individual Contributors:	Leaders:
• Take ownership of responsibilities, commitments, and results. • Monitor performance and take action to improve outcomes. • Use data and feedback to guide decisions and priorities. • Apply learning from successes and setbacks to achieve goals. • Follow through on commitments and action plans.	• Establish clear and aligned goals, expectations, and measures of success. • Conduct regular business review and performance conversations. • Use data to identify opportunities, risks, and performance gaps. • Hold themselves and others accountable for commitments and results. • Sponsor and drive improvements that deliver meaningful impact.

Summa Health Overview

One of Ohio's Largest Integrated Healthcare Delivery Systems

Summa Health – headquartered in Akron, Ohio – is one of the largest integrated healthcare delivery systems in the state. Formed in 1989 with the merger of Akron City and St. Thomas Hospitals, our health system has 8,500+ employees; nearly 1,000 credentialed physicians; and buildings and facilities totaling more than 3 million square feet across all our campuses.

In 2024, Summa Health signed a definitive agreement to become part of HATCo. Upon closing the transaction in 2025, Summa Health moved from its non-profit origins to become a for-profit health system. As part of the agreement, HATCo is investing significant resources to build upon Summa Health's existing strengths and capabilities. Together, Summa Health and HATCo seek to incorporate innovative technology solutions and best practices to eliminate barriers, empower people to live their healthiest lives and reshape and improve the future of healthcare delivery.

Vital Statistics*

Licensed Beds	871
Employees	8,500+

Summa Health has organized all of its medical services under the umbrella of Summa Health System. Summa Health System offers exceptional approaches to healthcare delivery through multiple operating entities.

Summa Health System has served millions of patients in comprehensive acute, critical, emergency, outpatient and long-term/home-care settings and represents approximately 900 licensed inpatient beds in the following clinical settings:

- Summa Health System – Akron Campus
- Summa Health System – Barberton Campus
- Summa Rehab Hospital

Outpatient care is extended throughout Summit, Medina, Portage, Stark and Wayne counties in multiple community health centers. Providing superior, multi-specialty patient care, medical research and continuing medical education, Summa Health is consistently ranked one of the best healthcare providers in the country.

Various Summa Health System hospitals, service lines, joint ventures and affiliates are recognized by the following organizations:

- American College of Surgeons Commission on Cancer
- American College of Radiology
- American Nurses Credentialing Center
- American Osteopathic Association
- Centers for Medicare and Medicaid Services
- Commission on Accreditation of Rehabilitation Facilities

- The Joint Commission
- The Leapfrog Group
- Thomson Healthcare
- U.S. News and World Report

*Summa Health operated as a nonprofit health system from January 1 through September 30, 2025. Effective October 1, 2025, Summa Health was acquired by HATCo and transitioned to a for-profit organization. The figures presented reflect the full 2025 calendar year, from January 1 through December 31, 2025.

Summa Health System – Akron Campus

141 N Forge St
Akron, OH 44304
330.375.3000

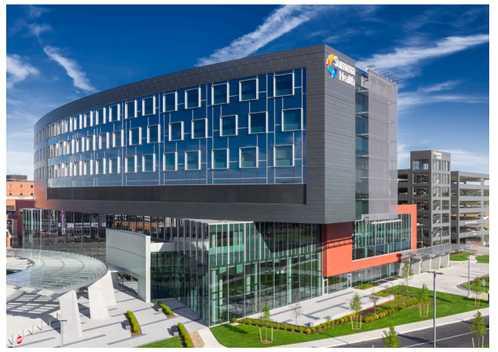

summahealth.org

Akron City Hospital was founded in 1892 to provide a place where patients could be treated with compassion, coupled with the best principals of medical practice.

From the first accredited radiology department in the country to the first adult open heart surgery in Akron (and one of the first in the country), Summa Health System – Akron Campus has achieved national recognition as a provider of quality, compassionate healthcare.

In the past several years, Summa Health has invested more than $350 million in its facilities to help establish Summa Health as the leading healthcare provider in the region. This investment included extensive renovations at Akron Campus including the construction of a new 343,000 square-foot patient tower. In August 2021, Dr. Gary Williams and his wife, Mrs. Pamela Williams, made a new gift of $15 million to the health system – the largest, single gift in the history of Summa Health. To recognize Dr. and Mrs. Williams' remarkable generosity the patient tower, the front door of the Akron Campus, was named the Dr. Gary B. and Pamela S. Williams Tower. This facility includes facilities for labor and delivery, modern inpatient rooms and nursing units and expanded surgical capacity.

Summa Health demonstrated our strong commitment to meeting the needs of our community, particularly around behavioral health, with the construction of the Juve Family Behavioral Health Pavilion on the Akron Campus. This 64 private room inpatient and outpatient facility, which opened in January 2023, is home to all level of behavioral health care and integrates these services with the medical care on our Akron Campus, enhancing our ability to take care of the whole person.

Summa Health System – Akron Campus has received numerous awards and accreditations for quality care. Summa Health System — Akron and Barberton Campuses received the Healthgrades 2026 America's 50 Best Hospitals Award™. This means Summa Health is in the top one percent of all hospitals for clinical care and patient outcomes across the treatment of the most common conditions and procedures.

Summa Health System - Akron Campus is designated as an accredited Chest Pain Center by the Society of Cardiovascular Patient Care (SCPC) and was the first hospital in the greater Akron region to be awarded the Comprehensive Stroke Center certification from The Joint Commission, in collaboration with the American Heart Association/American Stroke Association.

Summa Health System – Akron Campus was the first hospital in Akron to receive Level 1 verification, the American College of Surgeons' highest trauma care.

We offer a wide variety of labor and delivery options including 24/7 midwifery and Level IV perinatal center for high-risk pregnancies.

The hospital is also an academic medical center with 12 multispecialty residency and eight fellowship programs to train northeast Ohio's next generation of healthcare providers. Approximately 45 percent of program graduates remain in the community to practice at Summa hospitals.

Summa Health System – Barberton Campus

155 Fifth St NE
Barberton, OH 44203
330.615.3000

summahealth.org/barberton

Summa Health System - Barberton Campus has served residents of Barberton and the surrounding communities since its founding in 1915. In December 2007, Barberton Campus became a full member of Summa Health. The hospital is located approximately 10 miles southwest of Akron.

Barberton Campus combines the comfort of an accessible community hospital with the latest advancements in medical care. The hospital provides the community with easy access to comprehensive, high-quality cancer services at the Commission on Cancer accredited Summa Health Parkview Pavilion, as well as the full spectrum of cardiovascular disease care including diagnostic, interventional and surgical services.

Summa Health System – Barberton Campus has received numerous awards and accreditations for quality care. Summa Health System — Akron and Barberton Campuses received the Healthgrades 2026 America's 50 Best Hospitals Award™. This means Summa Health is in the top one percent of all hospitals for clinical care and patient outcomes across the treatment of the most common conditions and procedures.

In 2015, Summa Health announced plans to make a significant multi-million dollar investment to expand and enhance services at the Barberton Campus. The investment, part of Summa's vision for population health management, impacted both inpatient and outpatient services. Phase I of the plan included $22 million in improvements addressing the greatest needs of the Barberton community – improved access and modernized facilities. Access to outpatient services improved with a new imaging and diagnostic center in the former emergency department. Operating and endoscopy rooms also were modernized with state-of-the-art equipment.

Summa Rehab Hospital

29 N Adams St
Akron, OH 44304
330.572.7300

summarehabhospital.com

Summa Health™
Summa Rehab Hospital

Summa Rehab Hospital is a 60-bed acute medical facility providing a rehabilitation regimen based on the specific needs of each patient. The freestanding facility is dedicated to inpatient physical rehabilitation by an interdisciplinary team comprised of physicians; nurses; case managers; and a therapy team consisting of physical, occupational and speech therapists. All patients receive a minimum of 3 hours of therapy five days per week, as well as specialized physician oversight. The hospital is accredited by the Joint Commission and The Commission on Accreditation of Rehabilitation Facilities (CARF).

Summa Rehab Hospital utilizes the most current technologies available in the rehabilitation field, including:

- Lite Gait Machine for body weight supported training and therapy for locomotor recovery
- Functional Electrical Stimulation Bike for upper and lower limb recovery
- Instrumental Activities of Daily Living assessments - including driving screens
- Swallowing assessment using FEES
- EKSO skeleton for neurological patient recovery

Highlights of the freestanding, fully dedicated rehabilitation hospital:

- 60 private rooms with private baths
- Rehab gym totaling more than 5,000 square feet with two-story elevation; natural light for improved healing and quality of life
- Private treatment space available on two levels
- Outdoor therapeutic ambulatory patio with various ambulatory surfaces
- Bariatric rooms with overhead lift device to support 1,000 pounds
- Inhouse dialysis capability
- Activities of Daily Living suite - bath, bedroom, kitchen and living space
- Day rooms located on two levels dedicated for patients, families and visitors
- In-house radiology suite and pharmacy
- Meds to beds program for patients returning to the community
- Full array of support groups free to the public patients (caregivers welcome)
- Classroom for monthly support group meetings
- On-site durable medical equipment and prosthetic services

Year founded: **2012**
Total employees: **265**
Total staffed beds: **60**

Summa Rehab Hospital also is now offering Outpatient Neuro Therapy utilizing the same state-of-the-art equipment and highly trained therapists that work in our inpatient programming. This program offers individualized therapeutic evaluations and plans of care to address specific neurological deficits. Patients suffering from diagnoses such as stroke, brain injury, amputation, major trauma, spinal cord injury, or a progressive neurological condition including Multiple Sclerosis (MS) or Parkinson's disease (PD) can benefit from this comprehensive therapy program.

Summa Health Medical Group

1077 Gorge Blvd

Summa Health Medical Group is a multispecialty group of more than 350 integrated, coordinated physicians aligned with Summa Health and its entities through the active engagement of its physicians. As the employed physicians of Summa Health, SHMG physicians are driven by Summa's mission to deliver the highest quality, compassionate care to patients and members and to contribute to a healthier community.

A key component of Summa's integrated healthcare delivery system, Summa Health Medical Group physicians provide patient-centered care while enjoying the benefits of partnership with an inclusive physician organization that shares their passion for, and commitment to, clinical excellence. As members of NewHealth Collaborative, a clinician-led accountable care organization, Summa Health Medical Group physicians are leading the way toward value-based healthcare with initiatives such as the patient-centered medical home (PCMH) and meaningful use of health information technology.

SummaCare

Impact on the Community

1077 Gorge Blvd
Akron, OH 44310
234.312.5256

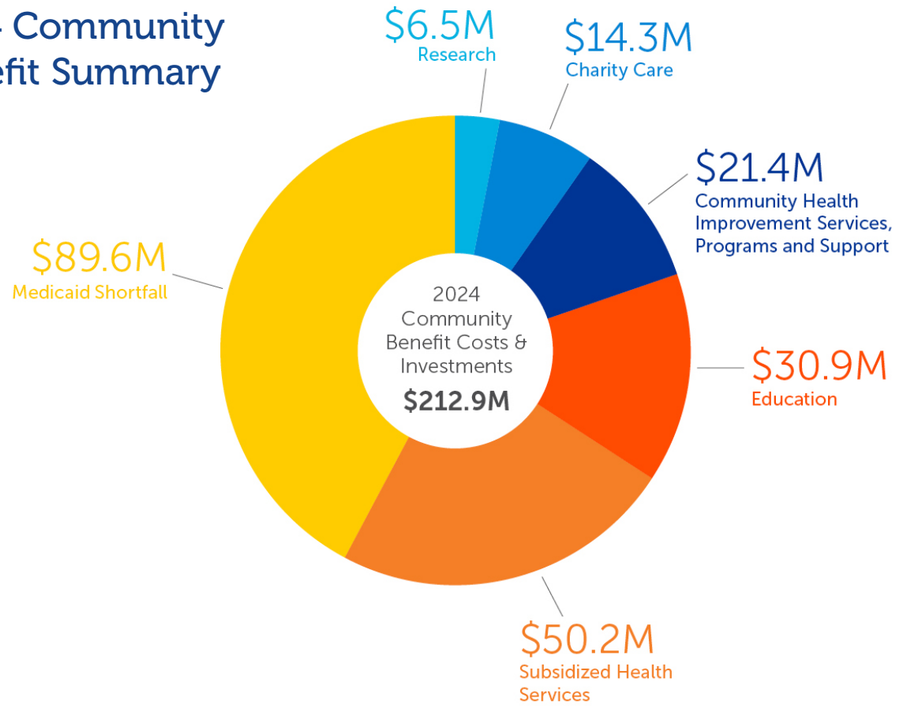

summahealth.org

Community Impact

Community Impact reflects Summa Health's commitment to caring for our communities beyond our hospital walls. By connecting with government officials, community organizations and local leaders, the department builds relationships, addresses community needs and supports Summa's mission and clinical priorities.

Bringing together government relations, community relations and community benefit, the department works to align Summa's resources and expertise with opportunities that benefit both the organization and the communities we serve. This includes strengthening strategic partnerships, monitoring healthcare policy developments, identifying opportunities for collaboration, and supporting initiatives that address community health needs and gaps in care.

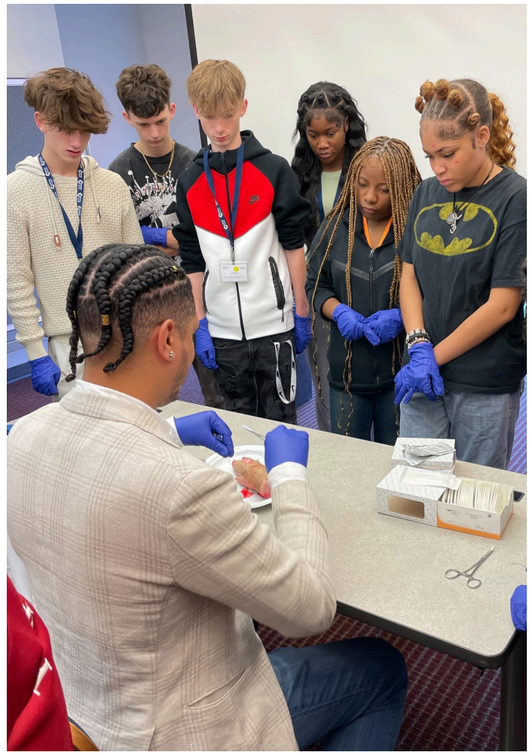

2024 Community Benefit Summary

Summa Health Network

1077 Gorge Blvd
Akron, OH 44310
330.996.8687

summahealth.org/summa-health-network

Summa Health Network represents more than 2,330 providers throughout Summa Health's member hospitals. Summa Health Network contracts with national and regional payers on behalf of its provider and hospital members. With membership opportunities for physicians, advance practice nurses, optometrists, chiropractors, podiatrists, physician assistants, audiologists, licensed independent chemical dependency counselors, licensed independent marriage and family therapists, licensed independent social workers, licensed professional clinical counselors, psychologists, and registered dietitians. Summa Health Network serves as a mechanism to effectively align and engage community providers with Summa Health while preparing and advancing providers into value-based agreements with Summa Health's accountable care organization, NewHealth Collaborative.

Summa Health Network allows for provider choice regarding participation in 14 Messenger Model payer agreements offering approximately 23 commercial, Medicare and Medicaid payer networks, for an enhanced provider experience. Along with simplified credentialing and efficient demographic update processes, provider members gain the support of the Summa Health Network Advocate Team for payer compliance assistance and claims issue resolution. Provider members and their staff are also offered participation in seminars and events throughout the year.

NewHealth Collaborative
An Accountable Care Organization

1077 Gorge Blvd
Akron, OH 44310
330.996.8687

summahealth.org/aco

NewHealth Collaborative (NHC), Summa Health's Accountable Care Organization (ACO), began its operations in January 2011. It is a clinician-led ACO that partners with communities to compassionately care for and serve its populations in an accountable, value- and evidence-based manner.

NHC represents more than 660 providers. NHC and its providers manage the healthcare of over 55,000 lives which includes Summa's employees as well traditional Medicare beneficiaries to name a few. This equates to a total medical spend of approximately $507 million.

NHC is one of the most successful ACOs in Ohio achieving a savings each performance year in the Medicare Shared Savings Program since 2013. NHC has generated approximately $86 million in savings for Medicare, and shared $32.6 million with NHC provider practices. Key to its success is its focus on fundamental strategies of primary care transformation, population-based care management and care coordination, and enhanced access to care and services from the primary care team.

Michael Tan, M.D., FACP
CRC Medical Director

Research & Innovation

Summa Health supports the Research & Innovation enterprise to ensure the advancement of science. We continuously seek to transform the care we provide and generate the knowledge needed for the breakthrough medical advancements and treatments of tomorrow.

The system supports the efforts of our physicians and staff through the Clinical Research Center, which is an outpatient clinic with a centralized staffing model that supports all clinical trials across the system. Our physicians, fellows/residents and nurses published 154 peer-reviewed publications in 2025. Our most active research specialties include Oncology, Cardiology, Infectious Disease, Neurology and Trauma, and many at the system have collaborative research efforts with our academic regional partners, such as Northeast Ohio Medical University (NEOMED), the University of Akron and Kent State University.

Medical Education

As a leader in medical education, Summa Health System supports the education of its physicians and healthcare professionals. Summa Health System is a teaching affiliate of the Northeast Ohio Medical University (NEOMED) and includes a staff of physicians and accredited residency and fellowship programs that foster a dynamic medical environment.

Summa Health System offers accredited residency and fellowship programs in:

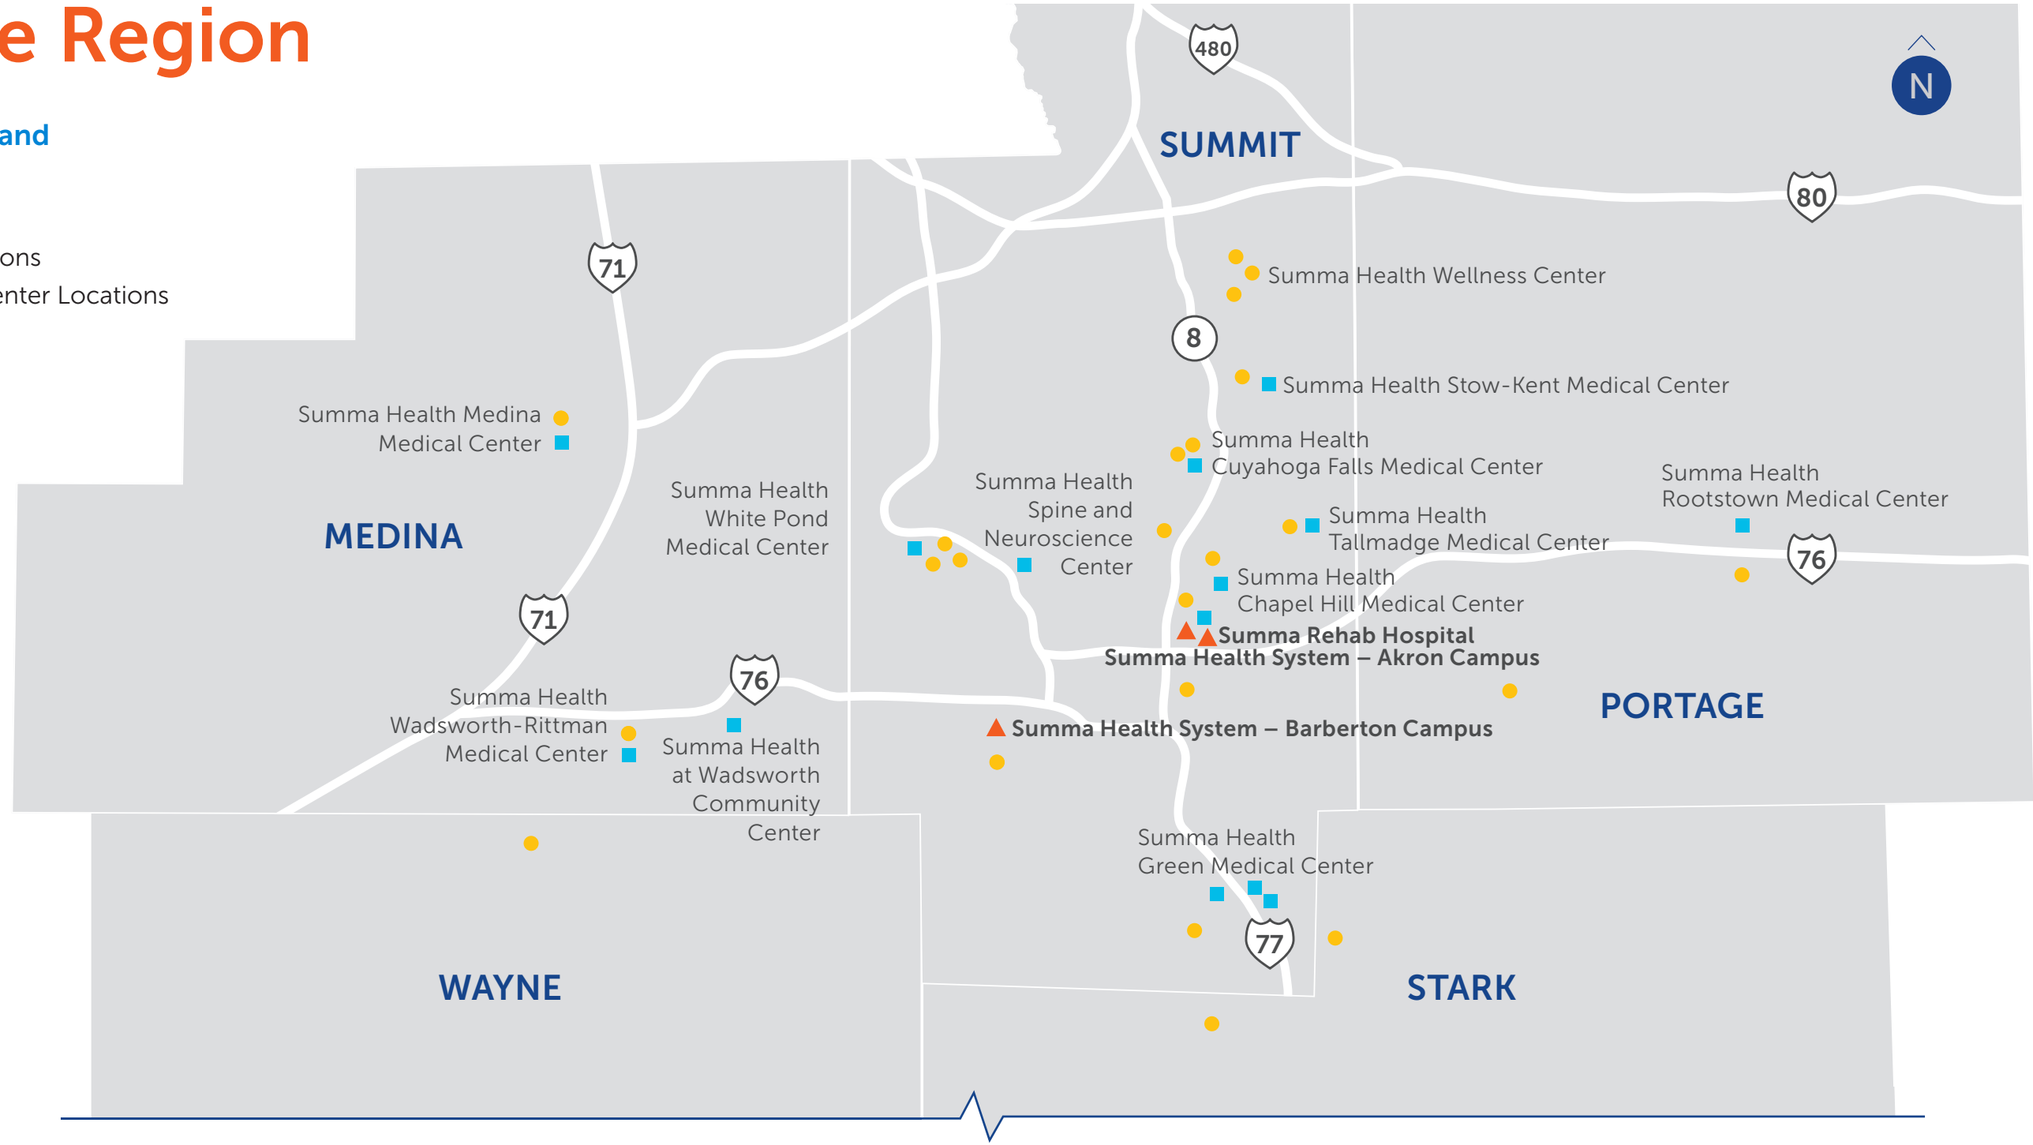

- Addiction Medicine
- Advanced gastrointestinal minimally invasive surgery/bariatric (non-ACGME)
- Cardiovascular disease
- Emergency Medicine
- Family medicine
- General practice dentistry
- Hospice & Pallative Medicine
- Internal medicine
- Interventional Cardiology
- Medical Simulation
- Obstetrics/Gynecology
- Orthopaedic surgery
- Pathology
- Pharmacy
- Plastic surgery
- Psychiatry
- Pulmonary/Critical Care Medicine
- Sports medicine
- Surgery
- Transitional Year Medicine

Akron, Ohio

Akron is located approximately 35 miles south of Cleveland. It is the fifth largest city in Ohio. Akron also is the home of the All-American Soap Box Derby, Alcoholics Anonymous, oatmeal, artificial fishing bait and Stan Hywet Hall - one of the finest examples of Tudor Revival architecture in America.

Northeast Ohio is home to several Fortune 500 company headquarters, including Goodyear, J.M. Smucker, Progressive Insurance and Sherwin Williams. Also, northeast Ohio is a national leader in polymer and liquid crystal research and development.

The Greater Akron area is a welcoming community rich in heritage and cultural diversity, offering big city amenities with a hometown feel in one of America's most affordable metropolitan areas. More than 6,000 acres in the city are occupied by parks, and surrounding lakes and reservoirs and several golf courses afford recreation facilities; the southern limit of Cuyahoga Valley National Park is just north of the city. Residents have convenient access to a number of well-known recreational activities.
