

Key Services

Bariatric Care Center - Summa's Bariatric Care Center offers a comprehensive approach to weight reduction. Summa's complete program has both medical (non-surgical) and minimally invasive surgical components. Highly skilled, experienced teams utilize the latest technology in order to help patients meet their weight loss goals, and care plans are customized to meet the individual healthcare needs of patients. Summa's Bariatric Care Center is modeled after the standards of the American Society for Bariatric Surgery (ASBS) and Surgical Review Corporation (SRC) and has been an American Society of Metabolic and Bariatric Surgery (ASMBS) Center of Excellence since 2007.

Behavioral Health - The Summa Center for Behavioral Health is committed to offering the care and support to help people survive, adapt and gather new hope and possibilities in their lives. The center offers a wide range of psychiatric and medical treatment services and provides a full continuum of care for patients with behavioral health needs. From inpatient services to specialized and individual outpatient services, like the Ignatia Hall Intensive Outpatient Program, the Summa Center for Behavioral Health is designed to help individuals suffering from alcohol or chemical dependencies.

Cancer Care - Summa Health System holds one of the highest ratings by the American College of Surgeons Commission on Cancer and offers comprehensive cancer care services at the Jean and Milton Cooper Cancer Center on the Summa Akron City Hospital campus and the Parkview Center at Summa Barberton Hospital. Both outpatient centers offer the latest in cancer treatment options to meet each patient's unique needs in a convenient, homelike setting.

Cardiovascular - Summa Cardiovascular Institute is nationally-recognized for providing compassionate, patient-centered heart care for a healthier community. With a multidisciplinary cardiovascular medicine team comprised of more than 50 cardiologists, cardiothoracic and vascular surgeons, Summa Cardiovascular Institute is focused on maintaining positive patient outcomes. The institute's skilled team approach to treating and promoting the health of the heart, lungs and circulatory system is complemented by national and international clinical trials for the treatment and prevention of cardiovascular disease.

Emergency Services - The Trauma Center at Summa Health System offers multiple disciplines and specialties, all with the goal of ensuring the best patient care. Highly skilled emergency department teams, including emergency physicians, enable Summa to provide all the appropriate expertise and resources necessary for the highest quality care available. Summa Akron City Hospital has been verified as a Level I trauma center since 1998 and is also a Certified Chest Pain Center and Certified Stroke Center. Summa affiliate Robinson Memorial Hospital has been verified as a Level 3 trauma center since 2003.

Orthopaedics - Summa Health System is renowned for innovation and excellence in orthopaedics, and has been ranked by U.S. News & World Report. In 2009, the Crystal Clinic Orthopaedic Center, a partnership with Summa Health System, began operations, bringing together the talent and resources of two nationally-recognized orthopaedics programs specializing in the evaluation and treatment of conditions affecting the musculoskeletal system.
