

About the Austen BioInnovation Institute in Akron

The Austen BioInnovation Institute in Akron — a collaboration of Akron Children's Hospital, Akron General Health System, Northeast Ohio Medical University (NEOMED), Summa Health System and The University of Akron — is focused on patient-centered innovation and commercialization at the intersection of biomaterials and medicine. This strategic alignment of institutional, state, federal and philanthropic support, accompanied with Akron's rich legacy in industrial and materials science, is working to pioneer the next generation of life-enhancing and life-saving innovation that will transform Akron and the surrounding region into a model for biomedical discovery and enterprise.

About Summa Health System

Summa Health System is one of the largest integrated healthcare delivery systems in Ohio. Encompassing a network of hospitals, community health centers, a health plan, a physician-hospital organization, a multi-specialty physician organization, research and multiple foundations, Summa is nationally renowned for excellence in patient care and for exceptional approaches to healthcare delivery. Summa's clinical services are consistently recognized by the American Nurses Credentialing Center (Magnet status), U.S. News and World Report, Thomson Reuters and The Leapfrog Group. Summa also is a founding partner of the Austen BioInnovation Institute in Akron.

Michael D. Mackan Acute Care Simulation Conference

Thursday, June 6, 2013
8 a.m. to 5:30 p.m.

Hosted at the
Austen BioInnovation Institute in Akron
47 North Main Street
Akron, OH 44308

A Truly Unique Interactive, Hands-on Seminar for the Medical Professional

Objectives

Who Should Attend

This interactive hands-on conference will improve the effectiveness of acute care teams and patient hand-offs through several phases of management within a large health system. Ideal participants would include EMTs, nurses, physician assistants, allied health personnel, physicians, and public safety administrators.

What You'll Do

Attendees will have the opportunity to actively manage patients in several acute care simulation scenarios in the ABIA's state-of-the-art simulation center. The interactive scenarios will encompass initial evaluation and treatment from the EMS system, emergency department stabilization, and definitive care by cardiac, neurological, and surgical specialists. Expert faculty will lead an interprofessional debriefing after each scenario with a focus on improving patient care.

What You'll Learn

By the end of this conference, attendees will learn the principles of crisis resource management in the acute care setting. In addition, attendees will explore the importance of clear communication as it relates to patient hand-offs.

About the Keynote Speaker

Joe Acker is currently the Executive Director of the Birmingham Regional Emergency Medical Services System (BREMSS). BREMSS provides EMS system coordination to seven counties, 1.5 million residents, 210 different EMS agencies with over 1500 ALS personnel and 1000 BLS personnel and 19 hospitals with over

20,000 responses a month. BREMSS also operates a trauma system (4,000 patients), stroke system (2,000 patients per year), STEMI system (600 patients per year) which routes patients to "Real Time" trauma, stroke and STEMI-ready hospitals. Previously, Joe served as the first State EMS Director for the state of Tennessee. BREMSS received the National Mitertek/Harvard award in 2006 for the most innovative program in Homeland Security.

10:45-11:00 a.m.	Orientation and safety briefing
11:00-12:45 p.m.	Immersive Cardiac Simulation
12:45-1:45 p.m.	Lunch and Exhibitors
1:45-3:30 p.m.	Immersive Neurological Simulation
3:30-3:45 p.m.	Break
3:45-5:30 p.m.	Immersive Trauma Simulation
5:30-7:00 p.m.	Conclusion and Reception

Michael D. Mackan, MD, FACEP

June 3, 1947 - November 6, 2011

Dr. Michael Mackan was a highly respected leader and visionary in medical education and emergency medical services. In his 30 years at Akron City Hospital, he served as medical director for 10 local fire departments and 4 private ambulance services in the region. Dr. Mackan was the chair of the EMS Committee for the Ohio Chapter of the American College of Emergency Physicians. He was instrumental in the development and implementation of the Ohio Trauma Triage guidelines, and was chair of the EMS Regional Physicians Advisory Board. His lifetime of dedication to prehospital care earned him the EMS Star Life Award from the Ohio Chapter of American College of Emergency Physicians.

This conference is held in honor of the beloved Dr. Mackan to continue his great passion and dedication to medical education.
