Moving forward, together

We are fortunate to work for Summa Health, an organization that not only improves the health and wellness of our community, but serves as an economic engine that fuels the city for growth. Through the hard work of each one of our employees, we have made great strides tackling the health issues our region is facing now and will face in the future.

As we balance providing high-quality care for our patients, teaching the next generation of clinicians, developing new models of care and remaining financially strong through it all, we remain aware of the great responsibility we have to our patients. It's a responsibility we embrace and take very seriously.

In the midst of this changing healthcare industry, we remain focused on what's important: providing quality care for our patients.

Healthcare systems nationwide are working tirelessly to evolve their organizations. I am confident that our extraordinary team is more than up to the challenge of staying at the forefront of our industry and continuing to improve the care we provide to this community. My job is to create a culture of engagement and feedback at Summa Health that will help guide those decisions and ensure that we are always focused on serving our community and one another.

We also remain dedicated to our mission of population health by helping our patients own their healthcare decisions and make real lifestyle changes. We will improve the patient experience by providing access to care at the right place at the right time, and coordinating the care between every patient's team of caregivers. This allows us to provide higher quality care at lower costs.

Summa Health is also moving forward on its planned investment of up to \$350 million to improve our facilities, which includes the new tower on the Summa Health – Akron City Campus. This major improvement will help better align us with our vision for population health.

Thank you for joining me on this important and exciting journey. Together, we will continue to build a bright future for Summa Health and a brighter future for our region.

Cliff Deveny, M.D.
Interim President and CEO

Summa at a Glance

Our Belief:

Healthy individuals lead to a healthier community, something we're all part of. It's our job to help people get healthy, stay healthy and improve the well-being of those around them. That's why, together, we're focused on solving problems, removing obstacles, eliminating frustrations and taking the pain away to create a healthier tomorrow.

Our Insight:

Health care isn't just about fixing what's wrong; it's also about preventing the need for fixing! If a patient comes to us to get better, we'll provide both the treatment and attention needed to get them back on their feet, but we're also staying a step ahead to keep each patient well. Caring for our patients at the right time means caring for each one all the time.

Our Approach:

We're passionate about health care, and we wouldn't change that for the world. But we're also people. Our main focus is connecting with the patient, treating them like family and providing each patient the same care we'd provide our own family member. This helps us get one step closer to a healthier community.

Summa Health

Summa Health – headquartered in Akron, Ohio – is one of the largest Integrated Healthcare Delivery Systems in the state. Formed in 1989 with the merger of Akron City and St. Thomas Hospitals, this nonprofit system now encompasses a network of:

- Hospitals
- Community-based health centers
- A health plan
- A multi-specialty group practice
- An entrepreneurial entity
- Research and medical education
- A Foundation

Summa Health has organized all of its medical services under the umbrella of Summa Health System. Summa Health System offers exceptional approaches to healthcare delivery through multiple operating entities.

Summa Health System serves more than one million patients each year in comprehensive acute, critical, emergency, outpatient and long-term/home-care settings and represents more than 1,300* licensed inpatient beds in the following clinical settings:

- Summa Health System – Akron Campus
- Summa Health System – Barberton Campus
- Summa Health System – St. Thomas Campus
- Western Reserve Hospital
- Summa Rehab Hospital

Outpatient care is extended throughout Summit, Portage and Medina counties in multiple community health centers. Providing superior, multi-specialty patient care, medical research and continuing medical education, Summa is consistently ranked one of the best healthcare providers in the country.

Various Summa Health System hospitals, service lines, joint ventures and affiliates are recognized by the following organizations:

- American College of Surgeons Commission on Cancer
- American College of Radiology
- American Nurses Credentialing Center
- American Osteopathic Association's Healthcare Facilities Accreditation Program
- Centers for Medicare and Medicaid Services
- Commission on Accreditation of Rehabilitation Facilities
- National Accreditation Program for Breast Centers
- Premier Healthcare Alliance
- Society of Cardiovascular Patient Care
- The American Heart Association
- The Joint Commission
- The Leapfrog Group
- Thomson Healthcare
- U.S. News and World Report

Summa Health System – Akron Campus

525 E Market St
Akron, OH 44309
330.375.3000

summahealth.org

Akron City Hospital was founded in 1892 to provide a place where patients could be treated with compassion, coupled with the best principals of medical practice.

From the first accredited radiology department in the country to the first adult open heart surgery in Akron (and one of the first in the country), Summa Health System - Akron Campus has achieved national recognition as a provider of quality, compassionate healthcare.

Recently, Summa Health announced plans to invest up to \$350 million in its facilities to help establish Summa as the leading healthcare provider in the region. This investment includes extensive renovations at Akron Campus including: construction of a new 300,000 square foot tower, which will include new facilities for Summa's Women's Health program, modern inpatient rooms and nursing units and expanded surgical capacity; construction of a new 50,000 square foot medical office building; and increasing the number of private rooms to approximately 80 percent.

Summa Health System - Akron Campus is designated as an accredited Chest Pain Center by the Society of Cardiovascular Patient Care (SCPC) and is a Certified Primary Stroke Center. In addition, the hospital is the first in the Akron-Canton area, and one of just nine throughout Ohio to hold Baby-Friendly® status.

The designation recognizes Maternity Services' pledge to provide the best possible breastfeeding support for new moms and their infants.

The hospital is also an academic medical center with 15 multispecialty residency programs and six fellowship programs to train northeast Ohio's next generation of healthcare providers. Approximately 80 residents and fellows graduate from Akron Campus's medical education programs each year.

A Level 1 Trauma Center, Akron Campus expanded its emergency department (ED) in 2012. The renovated ED provides more than 100,000 square feet and 76 patient beds and is equipped to serve more than 80,000 patients annually. The ED also offers specialized emergency services for geriatric patients to best treat the area's growing senior population.

Longtime Summa Health supporters Ann and David Brennan continued their generous support in 2015 with a gift of \$6 million, the largest in Summa's history. The donation will be used to further Summa's strategy of becoming the region's leader in population health. By transitioning to a population health management organization, Summa will be better positioned to provide integrated and coordinated care and a superior experience for the people of northeast Ohio.

Summa Health System - Barberton Campus has served residents of Barberton and the surrounding communities since its founding in 1915. In December 2007, Barberton Campus became a full member of Summa Health. The hospital is located approximately 10 miles southwest of Akron.

Barberton Campus combines the comfort of an accessible community hospital with the latest advancements in medical care. The hospital provides the community with easy access to comprehensive, high-quality cancer services at the Commission on Cancer accredited Summa Health Parkview Pavilion, as well as the full spectrum of cardiovascular disease care including diagnostic, interventional and surgical services.

In 2015, Summa Health announced plans to make a significant multi-million dollar investment to expand and enhance services at the Barberton Campus. The investment, part of Summa's vision for population health management, will impact both inpatient and outpatient services. Phase I of the plan will include \$22 million in improvements addressing the greatest needs of the Barberton community-improved access and modernized facilities. Access to outpatient services will improve with a new imaging and diagnostic center in the former emergency department. Operating and endoscopy rooms will also be modernized with state-of-the-art equipment.

Summa also continues to invest more than \$10 million in the facility for other projects, such as the electronic medical record implementation and the purchase of new IV pumps.

Summa Health System – St. Thomas Campus

444 N Main St
Akron, OH 44310
330.375.3000

summahealth.org

Originally operated by the Sisters of Charity of Saint Augustine as a non-denominational, non-profit general hospital with 164 beds, Summa Health System - St. Thomas Campus opened its doors to the Akron community in 1922. St. Thomas merged with Akron City Hospital to become Summa Health System in 1989.

St. Thomas Campus was the first in the country to recognize the medical aspects of alcoholism as a disease and is the founding location of Alcoholics Anonymous. The hospital opened the nation's first alcoholism treatment ward and continues this longstanding dedication today.

Continuing the tradition of innovative behavioral health services, St. Thomas Campus is the headquarters of the Summa Health Behavioral Health Institute. The center serves residents of Summit, Portage, Medina and Stark counties and operates specialized programming to treat specific behavioral health concerns including the Summa Health Traumatic Stress Center and Summa Health Ignatia Hall Addiction Medicine Intensive Outpatient Program.

Western Reserve Hospital is northeast Ohio's first physician-owned, for-profit, full-service hospital. The hospital began operations in June 2009 as a joint venture between Western Reserve Hospital Partners – a collaboration of more than 200 physicians, including primary care physicians, surgeons and specialists – and Summa Health System.

Located approximately eight miles northeast of Akron in Cuyahoga Falls, Ohio, Western Reserve Hospital is committed to patient satisfaction and improved healthcare delivery through:

- Adult day care services
- Cardiology
- Critical care
- Diabetes education
- Diagnostic imaging
- Digestive diseases
- Family practice
- Gastroenterology
- General medical services
- General surgical services
- Gynecology
- Hematology/oncology
- Inpatient care

- Intensive care
- Internal medicine
- Laboratory services
- Neurology
- Oncology
- Ophthalmology
- Orthopaedics
- Pain management
- Physical, occupational, speech and recreational therapies
- Pulmonary care
- Radiology
- Rehabilitation
- Sleep medicine
- Surgical, therapy and wound management
- Thoracic surgery

Western Reserve Hospital is a teaching affiliate of the Ohio University Heritage College of Osteopathic Medicine (OU-HCOM) and the Centers of Osteopathic Research and Education (CORE) and offers seven accredited osteopathic residency programs.

Summa Rehab Hospital

29 N Adams St
Akron, OH 44304
330.572.7300

summarehabhospital.com

Summa Rehab Hospital, a joint venture between Summa Health System and Vibra Healthcare, is a 60-bed acute medical facility providing a rehabilitation regimen based on the specific needs of each patient. The freestanding facility is dedicated to inpatient rehabilitation by a multidisciplinary team comprised of physicians; nurses; physical, occupational, speech and recreational therapists and case management workers. The hospital is accredited by the Joint Commission and The Commission on Accreditation of Rehabilitation Facilities (CARF).

Summa has installed and implemented the most current technologies available in the rehabilitation field, including:

- Body weight supported treadmill training and therapy for locomotor recovery
- Active assisted motion technology for upper and lower limb recovery
- Vital stimulation for swallowing
- Car transfer simulated system

Highlights of the freestanding, fully-dedicated rehabilitation hospital:

- All private rooms with private baths on two levels
- Rehab gym totaling more than 5,000 square feet with two-story elevation; natural light for improved healing and quality of life
- Private treatment space on two levels
- Outdoor therapeutic ambulatory patio with various ambulatory surfaces
- Bariatric rooms with overhead lift device to support 1,000 pounds
- Bedside dialysis capability in all rooms
- ADL suite - bath, bedroom, kitchen and living space
- Day rooms located on two levels dedicated for patients, families and visitors
- In-house radiology suite and pharmacy
- Patient-specific eRehab outcomes data
- Electronic medical records (EMR)
- Classroom for community programming
- On-site durable medical equipment and prosthetic services

Summa Health Medical Group

1077 Gorge Blvd
Akron, OH 44310
330.375.3864

spi.summahealth.org

Summa Health Medical Group is a multispecialty group of more than 300 integrated, coordinated physicians aligned with Summa Health and its entities through the active engagement of its physicians. As the employed physicians of Summa Health, SHMG physicians are driven by Summa's mission to deliver the highest quality, compassionate care to patients and members and to contribute to a healthier community.

A key component of Summa's Integrated Healthcare Delivery System, Summa Health Medical Group physicians provide patient-centered care while enjoying the benefits of partnership with an inclusive physician organization that shares their passion for, and commitment to, clinical excellence. As members of NewHealth Collaborative, a clinician-led accountable care organization, Summa Health Medical Group physicians are leading the way toward value-based healthcare with initiatives such as the patient-centered medical home (PCMH) and meaningful use of health information technology.

Summa Health Medical Group's integrated network of multidisciplinary physicians — connected through an electronic medical record (EMR) — ensures patients receive exceptional coordination of care across Summa's five-county service area. SHMG provides patients with easy access to patient-centered primary care services in hospital- and community-based settings, as well as a comprehensive referral base of sub-specialists in more than 35 specialty areas.

Currently, Summa Health Medical Group employs 285+ physicians in 35+ specialties, including:

- Bariatric surgery
- Behavioral health
- Breast surgery
- Cardiology
- Cardiothoracic surgery
- Colorectal surgery
- Critical care medicine
- Dermatology
- Endocrinology
- Family medicine
- Gastroenterology
- General surgery
- Geriatrics
- Gynecology
- Gynecology/oncology
- Hematology/oncology
- Hepatobiliary surgery
- Infectious disease
- Integrative medicine
- Internal medicine
- Maternal fetal medicine
- Non-surgical weight loss management
- Minimally invasive surgery
- Neuro critical care
- Obstetrics/gynecology
- Ophthalmology
- Orthopaedics/sports medicine
- Otolaryngology
- Palliative care and hospice
- Physical medicine/rehabilitation
- Pulmonary medicine
- Radiation oncology
- Rheumatology
- Trauma surgery
- Urgent care
- Urogynecology
- Vascular surgery

Summa Foundation

525 E Market St
Akron, OH 44309
330.375.3159

thesummafoundation.org

Generous contributions provide nearly \$10 million annually to Summa Health. Gifts made to Summa through Summa Foundation help us fulfill our mission to provide the highest quality, compassionate care to our patients and members and to contribute to a healthier community. The role of Summa Foundation is to facilitate the path from donor to impact by linking community supporters with philanthropic priorities that many times transform the ways in which we care for our community.

Annually, Summa receives nearly 6,000 separate gifts from nearly 2,400 different sources including grateful patients and families, corporations, foundations and other supporters. These gifts are directed to more than 110 different areas across the System and help make it possible for Summa to expand and enhance facilities and programs, recruit and retain the region's best physicians, invest in innovative technologies and conduct leading-edge clinical research to benefit the lives of our patients and their families. Summa Foundation also works collaboratively with system and clinical leaders to provide stewardship to our supporters and community of their philanthropic investments in our health system.

From the founding of our first hospital, Summa Health System - Akron Campus, made possible by a \$10,000 bequest in 1883, to the growth of our comprehensive health system today, the generosity of our faithful friends and benefactors continues to advance Summa and enables us to keep our promise to put the health of our community first.

Community Benefit & Diversity

1077 Gorge Blvd
Akron, OH 44310
234.312.5256

summahealth.org

Investing, Engaging and Transforming the Community

Government Relations and Health Policy

Summa's Government Relations and Health Policy department is dedicated to elevating Summa Health as a leader in the public sector among those responsible for determining the future of healthcare in Ohio and throughout the nation.

By actively building and enhancing public sector relationships at the local, regional, state and federal government levels, the department works to advance Summa's leadership in health policy advocacy including, but not limited to, issues such as Medicare, Medicaid, insurance reform and medical education and research.

Community Benefit & Diversity

The Community Benefit and Diversity department leads efforts to address health disparities and other important community needs, and to raise awareness of health and healthcare issues affecting the communities served by Summa Health.

2015 Community Benefit Investment

\$95.8 million in total
\$8.2 million in charity care
\$16.3 in Medicaid shortfall
\$26.5 million in subsidized health services
\$4.2 million in community health improvement services, programs and support
\$35.8 million in education
\$4.8 million in research

Summa Health Equity Center

The Summa Health Equity Center opened in March 2012 with a goal to provide outstanding, quality care and identify, reduce and eventually eliminate health disparities to achieve health equity. The services and activities provided at the center have involved collaborations with nearly two dozen organizations and area businesses including Minority Behavioral Health Group and the Ohio Department of Jobs and Family Services.

Programs at the center have included free diabetes support groups with educational presentations; Q&A sessions by a wide array of health professionals; Medicaid enrollment opportunities; CPR demonstrations; nutrition/cooking classes; line dancing classes; a fatherhood walk and policy/advocacy meetings.

Impact on Region

Summa contributes \$2.73 billion in business volume impact to the Ohio economy and an additional \$83.1 million in state government revenue impact. Summa Health helps employ more than 24,840 individuals on a direct and indirect basis, proving to be a vital member of the regional economy.

Summa Health Network

168 East Market St
Akron, OH 44309
330.996.8687

summahealthnetwork.org

Summa Health Network represents nearly 1,700 providers throughout Summa Health's member hospitals. Summa Health Network contracts with national and regional payers on behalf of its provider and hospital members. With membership opportunities for physicians, advance practice nurses, optometrists, chiropractors, podiatrists, and physician assistants, Summa Health Network serves as a mechanism to effectively align and engage community providers with Summa Health while preparing and advancing providers into value-based agreements with Summa Health's accountable care organization, NewHealth Collaborative.

Summa Health Network allows for provider choice regarding participation in approximately 20 Messenger Model payer agreements among commercial, Medicare and Medicaid payer networks, for an enhanced provider experience. Along with simplified credentialing and efficient demographic update processes, provider members gain the support of the Summa Health Network Provider Operations team for payer compliance assistance and claims issue resolution. Provider members and their staff are also offered participation in seminars and events throughout the year.

In support of the transition to value-based agreements, Summa Health Network also offers its provider members financial assistance with NCOA Patient-Centered Medical Home recognition.

NewHealth Collaborative

An Accountable Care Organization

168 East Market St
Akron, OH 44309
330.996.8687

summahealth.org/aco

NewHealth Collaborative (NHC), Summa Health's Accountable Care Organization (ACO), began its operations in January 2011. It is a clinician-led ACO that partners with communities to compassionately care for and serve its populations in an accountable, value- and evidence-based manner.

NHC represents more than 500 providers. It integrates the resources of Summa Health System and Mercy Medical Center, located in Canton, Ohio. NHC and its providers manage the healthcare of over 80,000 lives which includes Summa's employees as well traditional Medicare beneficiaries to name a few. This equates to a total medical spend of approximately \$600 million.

NHC is the only ACO in the state of Ohio to achieve savings in the Medicare Shared Savings Program (MSSP) in both 2013 and 2014. The work of NHC has generated approximately \$22 million in savings for Medicare, while improving the quality of care provided to patients. Key to its success is its focus on fundamental strategies of primary care transformation, population-based care management and care coordination, and enhanced access to care and services from the primary care team.

In 2015, Summa Health and Mercy Health created Advanced Health Select (AHS), the largest clinically integrated network in Ohio. This "network of networks" is currently comprised of NewHealth Collaborative, Mercy Health Select (Mercy Health's ACO) and MetroHealth. Together, these organizations are on the forefront of healthcare transformation by delivering on the "triple aim" – better care and better community health, at a lower cost.

Connections and Impact in the Region

Summa continually seeks new technology and treatment options for some of today's most serious medical conditions – work that will ultimately improve and transform the way patients throughout the community, region, nation and world receive care.

Summa manages \$6.5 million annually in support of clinical research programs across various disciplines. Many research programs are supported by grants or contracts from federal and state funding agencies. Collaborative research programs exist between Summa and its academic partners including Northeast Ohio Medical University (NEOMED), The University of Akron, Kent State University and the Austen Biolnnovation Institute in Akron.

As a leader in medical education, Summa Health System supports the education of its physicians and healthcare professionals. Summa Health System - Akron and St. Thomas Campuses are teaching affiliates of the Northeast Ohio Medical University (NEOMED) and include a staff of physicians and accredited residency and fellowship programs that foster a dynamic medical environment

Summa Health System offers accredited residency and fellowship programs in:

- Addiction Medicine
- Advanced gastrointestinal minimally invasive surgery/ bariatric (non-ACGME)
- Cardiovascular disease
- Emergency medicine
- Family medicine (allopathic and osteopathic accredited)
- General practice dentistry

- General surgery
- Geriatric medicine
- Internal medicine
- Obstetrics/gynecology
- Ophthalmology
- Pathology
- Plastic surgery
- Sports medicine
- Preliminary medicine
- Psychiatry
- Transitional medicine
- Urology

Summa Health System - Barberton Campus has a family practice residency program affiliated with NEOMED. Western Reserve Hospital is a teaching affiliate of the Ohio University Heritage College of Osteopathic Medicine (OU-HCOM) and the Consortium of Osteopathic Research and Education (CORE).

Summa Throughout the Region

Emergency Department Locations

As a result of Summa Health System's comprehensive emergency services network, patients receive the right care, at the right time, at the right location, from the right provider – no matter where they access care within Summa Health System.

In order to ensure patients across Summa's five-county service area have easy access to the care they need close to home and/or work, Summa invested \$96 million to grow its network of emergency departments (ED).

Summa Health System - Akron Campus

525 E. Market St., Akron, OH 44309

Phase I of the renovated, expanded ED at Summa Health System - Akron Campus opened in January 2012 and provides more than 100,000 square feet and 76 patient beds. Phase II of the expanded ED opened in 2013 and includes dedicated space for senior patients.

Summa Health System - Barberton Campus

155 Fifth St. NE, Barberton, OH 44203

Summa Health System - Barberton Campus's renovated ED opened to the public in March 2013. The ED provides 32,000 square feet and 46 patient areas, and boasts a fast-track system and advanced technology including enhanced imaging capabilities and wireless voice communication.

Summa Health Green Emergency Department

1825 Franks Parkway, Uniontown, OH 44685

The free-standing Summa Health Green Emergency Department opened in 2012 and provides 22,000 square feet and 14 patient areas. Open 24/7, the ED is conveniently located off Interstate 77 and across the street from Summa Health at Green Family YMCA.

Summa Health Medina Emergency Department

3780 Medina Rd., Medina, OH 44256

The free-standing Summa Health Medina Emergency Department opened in 2011 and provides 20,000 square feet and 12 patient areas. Open 24/7, the ED is conveniently located off Route 18 and is integrated with the health center's comprehensive, patient-centered services.

Summa Health Wadsworth-Rittman Emergency Department

195 Wadsworth Rd., Wadsworth, OH 44281

The James and Linda Venner Emergency Center was completed in 2011 and provides 16,000 square feet and 15 patient beds. The expanded ED project was supported by a donation from Clampco Products, Inc., owned by James and Linda Venner of Wadsworth.

Akron, Ohio

Akron is located approximately 35 miles south of Cleveland. It lies within a 500-mile radius of 42 major U.S. cities, where 57 percent of the country's population and 60 percent of the country's buying power are found.

Northeast Ohio is home to 26 Fortune 1,000 company headquarters, including Goodyear, Lubrizol, J.M. Smucker, Progressive Insurance and Sherwin Williams. Also, northeast Ohio is a national leader in polymer and liquid crystal research and development.

The Greater Akron area is a welcoming community rich in heritage and cultural diversity, offering big city amenities with a hometown feel in one of America's most affordable metropolitan areas. Residents have convenient access to a number of well-known recreational activities.
